April 7, 2020

To our Scarborough Baseball Community,  
Wishing everyone well, we hope you and your family are keeping safe.

As you should know already, *the province has enacted a [declaration of emergency](#) to help contain the spread of COVID-19 and protect the public.*

As a result, all activities related to organized outdoor recreational sports fields and parks have been cancelled through June 30. This date will be reviewed every 2 weeks by City Health officials, and may be extended beyond June 30. All Scarborough Baseball activities, through our 4 local leagues; Birchmount Baseball League, East Toronto Baseball Association, West Hill Baseball League & Wexford Agincourt Baseball League; as well as our associated leagues; Japanese Canadian Baseball League, Scarborough Adult Baseball League, and Scarborough Vintage Baseball League, remain suspended at this present time.

Keeping in mind the uncertainty, and with regular contact with the Ontario Baseball Association and the Toronto Baseball Association, Scarborough Baseball hopes to have a season of this summer. The target date of June 30 would give a season of 6-8 weeks. If COVID-19 takes a turn for the worse, and an even greater amount of time is cancelled, that would just mean a shortened playing season.

Information regarding registration and refund options need to be directed to each individual league.

This is an uncertain time, and one that requires all of us to do our part.

So please stay safe and healthy,  
Scarborough Baseball Association Executive Board

Please refer to the information regarding Covid-19 posted to the City of Toronto website,

<https://www.toronto.ca/home/covid-19/>

And also the Ontario Provincial government website,
